## EXPLORED

During the 2016/17 season, The London Mozart Players and Howard Shelley return to St John's Smith Square for another season of their highly acclaimed *Mozart Explored* series.

Returning due to popular demand, this will be the third season of *Mozart Explored*, a series in which the audience discover Mozart's prolific writing for piano and orchestra.

In an hour over lunchtime, these concerts offer listeners a fascinating and personal insight into understanding the characteristics of Mozart's compositional style and its placement within a historical context.

Led by Howard Shelley, these concerts start with a short entertaining illustrated introduction to the concerto, and then a full performance of the concerto with the orchestra.

## Where does your money go?

### **Your support will help fund our world-class music education & community projects**

The London Mozart Players use music to bring together communities and inspire an inclusive culture of creativity and performance. The orchestra has been committed to providing a platform for sharing the creative arts with schools and communities for over 25 years and since inception have developed an extensive and highly regarded education, community and audience development programme *LMP Voyager*.

As well as smaller scale visits to support individual communities, Voyager also encompasses larger multi-faceted projects that bring together a diverse range of communities, taking classical music and performance into unconventional situations and often to those who would not readily have access to it.

For more information or to discuss how you can get involved with supporting a Voyager project, please get in contact with Jenny Brady, Head of Creative Learning and Participation on [jenny@lmp.org](mailto:jenny@lmp.org) or by calling 020 8686 1996.
